

Macedon Primary School likes to celebrate and share the excellent work done by its students. This means that your child's work/voice/image may be used in the school or the Education Department in a variety of ways. It may be used at conferences, in printed and electronic publications, including the internet and in a video for educational purposes. If you agree to do this, the work/image will appear with their first name only.

If you have any concerns or queries please do not hesitate to make an appointment to discuss this me.
